

Sparkle RZ

Rocket

Description

Sparkle RZ is a true innovation in our rocket range, not only because of the original round leaf shape but because of its exciting peppery taste, which brings diversity to salad mixes. Agronomically, Sparkle RZ is a fantastic option for producers, offering strength against mildew, good germination and strong vigour, even in cold conditions, and excellent shelf life thanks to its thick leaves. The taste remains stable through year round production, which is an important and unique trait for a rocket variety.

Key features:

- Cultivated rocket (*Eruca sativa*)
- Innovative round leaf shape with incredible taste that is consistent through all seasons and excellent shelf life
- Suitable for baby leaf production year round

Sharing a healthy future

Rijk Zwaan's descriptions, illustrations, growing advices and any other information in whatever form for example on expiry, sowing, planting and harvesting dates are based as precisely as possible on experiences in trials and in practice. However, Rijk Zwaan does not accept in any case liability for damages resulting from the use of such descriptions, illustrations, growing advices and information. The buyer/user itself is responsible for proper storage of the seeds and will be deemed to determine whether the products and growing advices are suitable to be used for the intended cultivations and under the local conditions. Inclusion of a variety in this edition does not automatically imply that such a variety is available for purposes of exploitation; it might be available for testing only. For more information, please contact Rijk Zwaan (www.rijkszwaan.com). The pictures in this edition show the types to which the varieties as mentioned belong and not all varieties as such. These pictures do not constitute any warranty, express or implied, of crop performance.
