

# Lisboa RZ

Coral

## Description

For winter hydroponic production, Lisboa RZ is a solid offering. The medium sized, green leaf lettuce has a round, well-balanced shape and good vigour for winter. It offers a healthy base, high resistance to leaf diseases, such as ring necrosis and yellowing, and is slow bolting. Lisboa is a mid-green colour with a fluffy coral leaf. It looks great sold individually in a sleeve.

## Key features:

- Winter production
- Good round shape
- Strong resistance to leaf diseases

## Resistances

**HR** Bl:16-37EU/Nr:0/Pb

**IR** LMV:1/Me

## Sharing a healthy future

Rijk Zwaan's descriptions, illustrations, growing advices and any other information in whatever form for example on expiry, sowing, planting and harvesting dates are based as precisely as possible on experiences in trials and in practice. However, Rijk Zwaan does not accept in any case liability for damages resulting from the use of such descriptions, illustrations, growing advices and information. The buyer/user itself is responsible for proper storage of the seeds and will be deemed to determine whether the products and growing advices are suitable to be used for the intended cultivations and under the local conditions. Inclusion of a variety in this edition does not automatically imply that such a variety is available for purposes of exploitation; it might be available for testing only. For more information, please contact Rijk Zwaan ([www.rijkszwaan.com](http://www.rijkszwaan.com)). The pictures in this edition show the types to which the varieties as mentioned belong and not all varieties as such. These pictures do not constitute any warranty, express or implied, of crop performance.
